

2025/2026

EXTRACURRICULAR activities

Education is enjoyable!

Extracurricular Activities

At Liceo Europeo, we provide an extensive array of extracurricular activities tailored to ensure that each student discovers the option that aligns most closely with their interests, personality, and developmental pace.

These activities enhance their academic training by merging education with enjoyment in an engaging environment. Through these initiatives, we seek to reinforce the material covered in the classroom, cultivate new skills, and, most importantly, ensure that students experience joy while learning.

What type of activity should you select?

- ◆ **Recreational activities** aimed at cultivating personal talents and interests, transforming that potential into a source of motivation and enjoyment.
- ◆ **Academic enhancement activities** designed to solidify knowledge, refine specific skills, and foster confidence in particular domains.

We encourage you to examine the complete proposal within this dossier and identify the option that aligns most closely with your interests and concerns.

1. Start

1.1. 1. Registration

We regard all students who engaged in these activities last year as enrolled, unless otherwise informed.

Registrations and cancellations for any extracurricular activity must be submitted via email to the Center's Secretary at secretaria@liceo-europeo.edu.es.

1.1. 2. Evaluation

The European High School will provide families with a quarterly monitoring report, prepared by the extracurricular activity managers, detailing observations regarding the student's progress.

This report will not cover sports activities, with the exception of the Swimming School.

1.3. Pre-season Athletic Gathering

In keeping with tradition, a preseason sports gathering will take place on Friday, September 5, in the morning, from 10:00 a.m. to 1:00 p.m.

1.4. Extracurricular Activities Fair and OpenDay

The Extracurricular Activities Fair is scheduled to take place at the European High School on Friday, September 5th. Commencing at 5:00 p.m., the activity leaders will engage with families to offer insights into the program and address any inquiries they may have.

1.5 Start date

Most activities are scheduled to start on September 15, with a few exceptions:

Swimming, September 8

- Painting, during October
- Football, Captain Cook, to be decided

Speech Therapy and Psychopedagogical Assistance

Individual speech therapy and psychopedagogical support sessions are available for students with a diagnosis or prior assessment indicating the necessity for such services. These sessions will be conducted by psychologists, psychopedagogists, and speech therapists from Desarrollarte.

The Guidance and Management Department will oversee and consistently monitor these sessions in collaboration with the professionals responsible for them and the families involved.

Skook Food Studio

An innovative space situated directly on the school premises, where students can cultivate their culinary creativity while gaining knowledge about healthy eating and enjoying limitless fun!

The program is crafted to provide a thorough and dynamic experience customized for each child. It encompasses:

- ◆ Tastings and demonstrations to explore new foods and flavors.
- ◆ Culinary creations and specialized workshops customized to your preferences and requirements.
- ◆ Dedicated sessions on allergies and intolerances.
- ◆ Academic discussions and conferences.
- ◆ Culinary challenges to relish at home, preparing meals with your family.
- ◆ Weekend courses to facilitate enjoyable learning experiences.

Kumon

A Japanese methodology for acquiring mathematics and language skills through the repetitive practice of fundamental exercises that progressively increase in complexity, ultimately enabling the student to attain an advanced level of proficiency. Instructed by KUMON educators. The administrative office of the school facilitates the coordination of this activity. Contact: kumon.liceo@gmail.com.

Federated Football Teams

A program conducted by highly skilled coaches employing an innovative methodology for football instruction, offering thorough training for athletes. The sessions encompass the acquisition of technical, tactical, and regulatory knowledge aimed at enhancing the level of play. Additionally, there will be classes. **focused on enhancing students' physical capabilities. Involvement in the Federated Football League.**

Castellana Nueva CF

Castellana Nueva CF was established to further the development of youth soccer players at Liceo Europeo, employing the same methodology and providing them with the opportunity to pursue professional careers in the sport. The club will consist of players from the Liceo Europeo youth academy as well as those from the northern region of the Community of Madrid.

Participation in the Federated Football League will commence in September. Services related to physiotherapy will be available.

Basketball and Mini-Basketball

Basketball ranks among the most popular team sports among youth. Initiation sessions will concentrate on developing fundamental skills and abilities, while also refining ball control and essential elements of tactical teamwork.

Through group training, students will enhance their individual ball-handling abilities alongside the fundamental skills of the sport, including dribbling, passing, and shooting. Additionally, they will focus on improving coordination, motor skills, reaction speed, and overall physical fitness.

Liceo Padel Academy

Set within an unparalleled environment, four magnificent paddle tennis courts, constructed entirely of glass and equipped with artificial lighting, await. Operating hours are Monday to Friday from 5:00 PM to 7:00 PM, as well as on Saturday and Sunday mornings. The padel program, which includes quarterly courses, court rentals, and private lessons, is available to adults from 10:00 a.m. to 10:00 p.m., Monday through Sunday. Reservations can be made via www.liceosports.es. For additional information, please visit the Liceo Pádel website.

Tennis

This activity serves as an extension of the mini tennis program for students. In this context, both the equipment utilized for the sport and the playing area are officially sanctioned by the Federation, along with the accompanying regulations. By emphasizing the understanding of the rules and scoring system, students are progressively acquainted with the competitive dimension. Participants will enhance their abilities in strength, coordination, and psychomotor skills, while also fostering agility, aerobic capacity, and reaction speed.

Groups categorized by proficiency: beginner, intermediate, and competition.

Individual classes will accommodate a maximum of two participants, while group classes will allow up to six.

Mini Tennis

Tennis is played with modified equipment and rules to facilitate a more gradual and natural introduction for students. Once they have mastered the fundamental skills of the sport, they can progress to advanced learning techniques.

Skating

AGE
>6

Through this activity, children acquire skating skills while engaging in play, fostering abilities pertinent to skating and associated sports.

Students are required to bring their own skates (preferably four-wheeled or, if unavailable, inline skates), in addition to protective gear and a helmet.

Athletics - in collaboration with Club Corredores

AGE
>6

In light of the tremendous success of the Charity Race organized by the European Lyceum Foundation, we are pleased to announce the initiation of a new extracurricular athletics program in partnership with Club Corredores, a highly esteemed and reputable organization in the realm of athletics.

This activity will enable students to explore and enhance their abilities across various athletic disciplines, improve their physical fitness, and, most importantly, enjoy the experience of learning collaboratively. Participants will also have the opportunity to join a federation.

The school will provide transportation to the José Caballero Sports Center using the school bus. Families are required to pick up students directly at the sports center following the conclusion of the activity.

❖ Small groups: a minimum of 8 students and a maximum of 12.

Parkour

Non-competitive discipline centered on the enhancement of motor skills and bodily expression through movement.

The activity entails traversing a straight path while navigating obstacles in the environment without relying on external supports, utilizing only one's own body. It serves as an excellent introduction to artistic gymnastics.

At the introductory level, students acquire fundamental skills in body movement through jumping, flipping, balancing, and the imaginative utilization of their surroundings.

At the advanced level, more intricate acrobatics, pirouettes, and movements are integrated, utilizing equipment such as mats and mini-trampolines.

An event that will occur on the school grounds.

AGE
6-12

Ski Association

Skiing or snowboarding club at the La Pinilla, Valdesquí, or Xanadú resorts, contingent upon weather conditions.
